

Paint

Factory Matched to Your Evinrude® or Johnson® Outboard or Drive System. Refer To Individual Engine Parts Book For Specific Color Application.

- For best results, please review service bulletin 2275.
- Adequate mixing is required — agitate for one full minute. Let can stand upside down for one to two minutes. Then agitate for another minute.
- Proper mixing and at least four coats are required to come close to matching original paint.
- Can only be shipped ground transportation.
